Why did Bob Zimmerman change his name?

A boy grows up to be a man at one point in his life. Some philosopher dude said that this maturation is only developed through a period of failures and agonies. Well in that sense, I guess I am a man after four years of Cooper. Upon the graduation, I feel that I am a kid again. No doubt another hell is waiting ahead. But right now, I am glad it's over and enjoying a bottle of beer. Long live Cooper.

Even though Cooper can cause one to go BERSerK, he never LEt You down, was willing to STAND FOR the Defense of a friend, and was deterMined To succeed. Best wishES Dave and good luck in grad-school, whatever you do.

Well, it's over. Thanks to Mom, Dad, Jeff and Michelle — I couldn't have done it without you. Also, special thanks and congratulations to the M.E. class of '91, a really great bunch.

Mark: Yes. I am the God.

When my mother and father went to college,
they went to the best tuition-free schools in
Taiwan because they wanted the best
education that they could afford. So I
attended Cooper Union because I wanted to
do the same thing.

For the past four years, Cooper has been my home — I've spent a great number of hours working, as well as socializing, here. I've made many friends, and will have many more fond memories, especially of Zeta Psi and my M.E. class. I'm thankful for all Cooper has given me, including the great education and broad range of knowledge I've received. Good luck to all my classmates in the future.

Didn't we used to have fun in the George F. Bateman Memorial Library — aka the M.E. Lounge. Good Luck out there . . . Let's take them by storm.

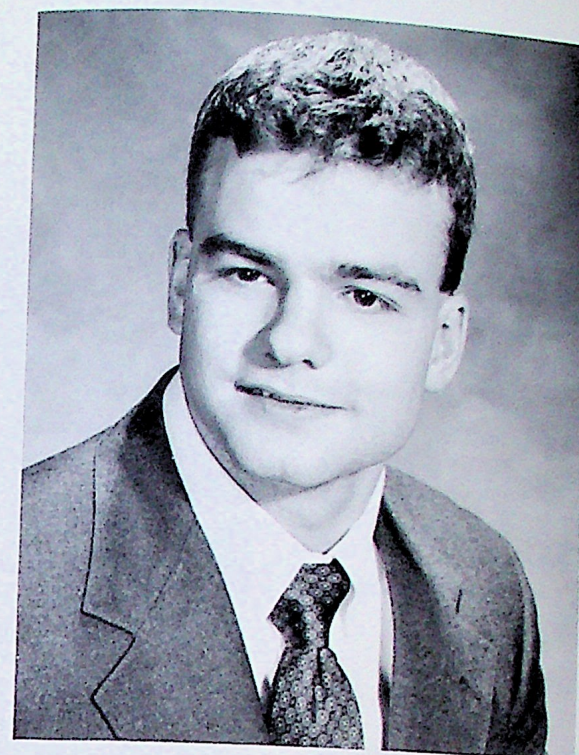

God bless America and Cooper Union.

I would like to thank the senior M.E. class for accepting and helping us, (the NYU students) make the difficult transition between schools. In addition I would like to thank Cooper Union for providing this opportunity to study. Most of all I would like to thank my wonderful wife & best friend for all the support she has provided. Without her my ambitions would be meaningless. May our future together provide happiness and unrelenting love.

It's hard to believe that four years at Cooper could have passed by so quickly. Thanks to Mike, Dave, John, George and the rest of the senior ME class for making the time here so enjoyable. There are too many others to name, but I will always remember the fun times with all of you. Special thanks to Mom & Dad for their love and understanding through all the long days & nights. See ya later everybody.

Shining, Shining in the Sun

Softly and silently she stalks
The silent forest
Her golden mane
Shining, shining in the sun.

A cool breeze is blowing,
Blowing, blowing,
Blowing all her fears away.
She is all shining, shining in the sun.

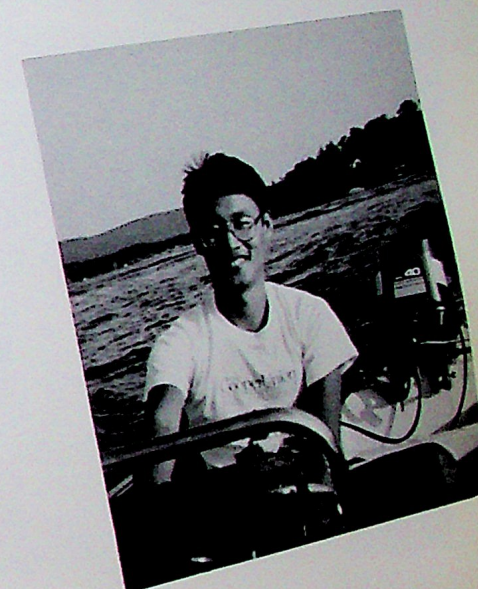

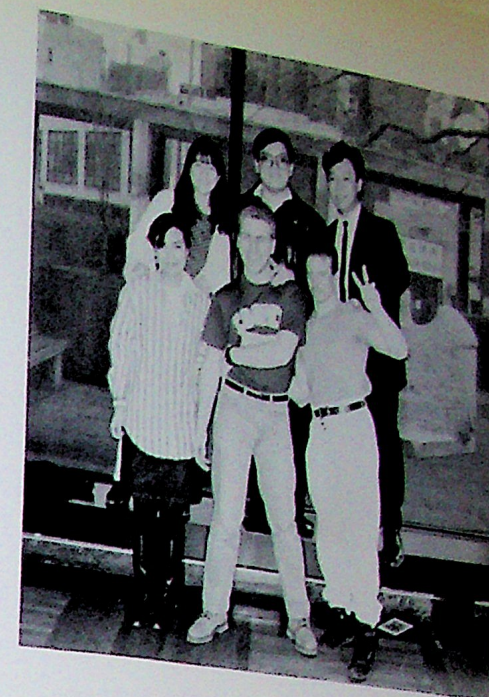

Breathing, Deeply and Silently
Crouching low, low, low.
Fierce and silent is she
Shining, shining in the sun.

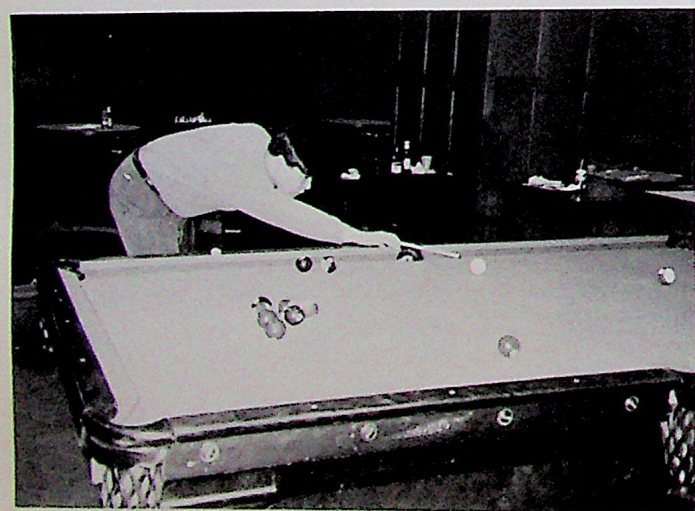

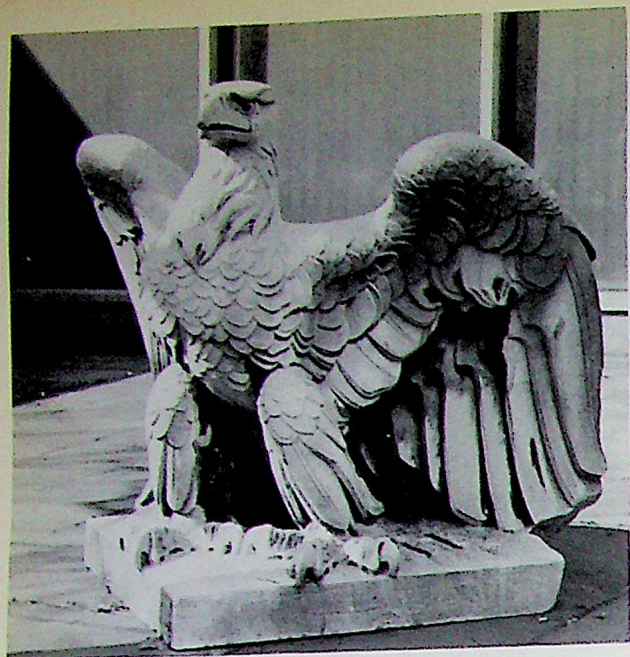

Jump, onto the wind's back
Let it carry you.
Faster, Faster, Faster!
Shining, shining in the sun.

A young man sits silently,
Silently, silently.
Unaware of the danger, by and by.
Shining, shining in the sun.

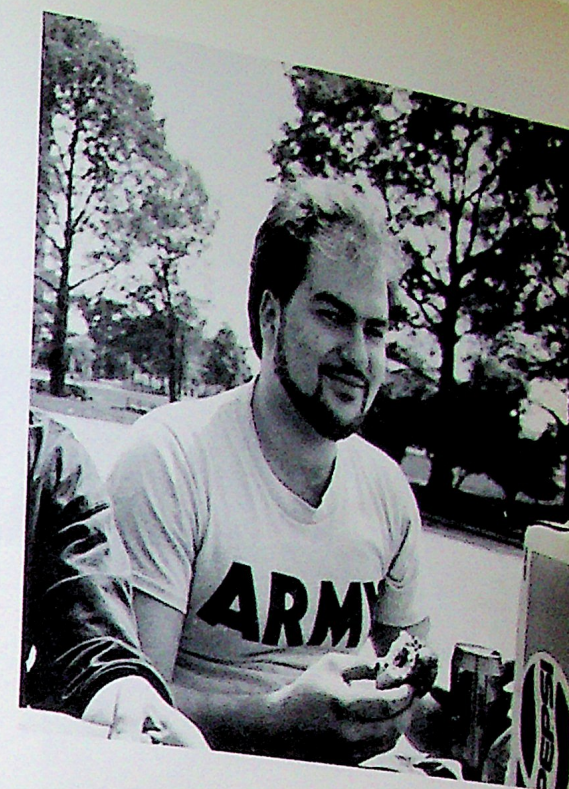

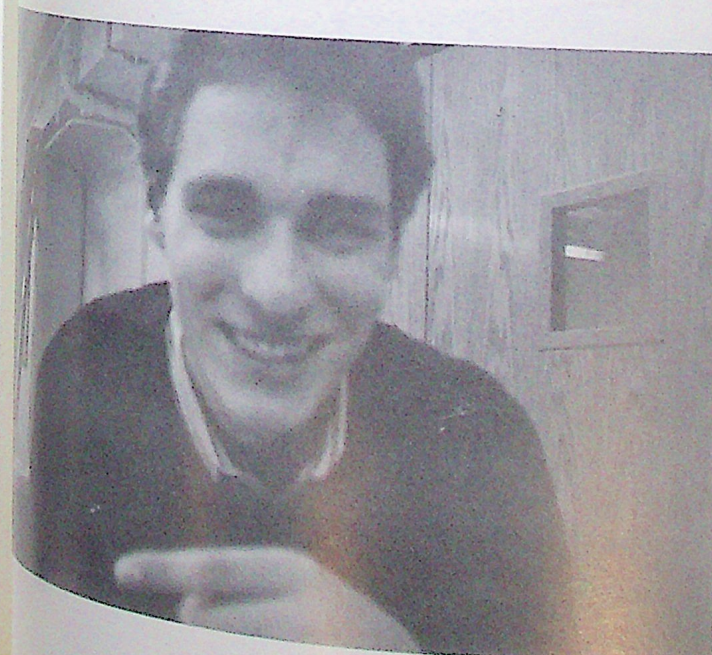

A Struggle! Soft, and Silent
The golden creature has won.
Proud, the impression Silent, the expression
Shining, shining in the sun.
